LUMINA KASTURI ASSURANCE BERHAD

Kasturi HomeCare & Health Plan

Product Disclosure Sheet

LKA/HHP/PDS/2026-01 · Version 3.2 · Effective 1 July 2026

SYNTHETIC DOCUMENT — FOR TECHNICAL TESTING ONLY. Lumina Kasturi Assurance Berhad is a fictional insurer, and this document is one of four synthetic documents (Product Disclosure Sheet, Policy Wording, Benefits Schedule and Claims Procedure Guide) written to test retrieval and question-answering systems. It is not an offer of insurance, does not describe any real product, and must not be relied on for any real insurance decision. All names, addresses, telephone numbers, web addresses, premiums and benefit amounts are invented. References to Malaysian legislation and institutions are included for realism only and may not reflect the law accurately.

Read this Product Disclosure Sheet before you decide to take out the Kasturi HomeCare & Health Plan

This Product Disclosure Sheet ("PDS") is issued by Lumina Kasturi Assurance Berhad (the "Company", "we", "us") to help you understand the Kasturi HomeCare & Health Plan (the "Plan") and to compare it with other products. It is a summary only. The terms that bind you and the Company are set out in the Policy Wording (Document Ref. LKA/HHP/PW/2026-01), the Benefits Schedule (Document Ref. LKA/HHP/BS/2026-01) and your Policy Schedule, each of which should be read together with any endorsement issued to you. Where anything in this PDS appears to differ from the Policy Wording, the Policy Wording prevails. Capitalised terms used in this PDS carry the meanings given to them in Part 2 (Definitions) of the Policy Wording and are not repeated here.

Please be aware that the Company does not accept a proposal on the strength of this PDS alone, and that nothing in this PDS constitutes a promise that any particular claim will be paid. Whether a loss is payable depends on the benefit being available under your chosen plan tier as shown in the Benefits Schedule and on none of the exclusions in Part 5 of the Policy Wording applying to it.

1. What is this product about?

The Plan is an annual, combined household and medical insurance product intended for individuals and families who own or rent a private residence in Malaysia. It is made up of two Sections that are underwritten and priced separately but issued under a single policy number. Section A (HomeCare) indemnifies you for physical loss of or damage to your Buildings and Contents at the Insured Premises caused by the Insured Perils described in the Policy Wording. Section B (Health) reimburses Medically Necessary hospital and certain outpatient expenses incurred by each Insured Person named in the Policy Schedule, up to the limits of the plan tier you select.

You may purchase Section A on its own, but Section B is only available together with Section A. Each Section is offered in three tiers, namely Silver, Gold and Platinum, and the tier you choose for Section A need not be the same tier you choose for Section B. The Special Perils Extension, which extends Section A to cover Flood, landslip and earthquake, is not part of the basic cover under every tier; whether it applies to you depends on your tier and on whether the extension is shown as endorsed on your Policy Schedule.

2. Who is the insurer and how can it be contacted?

Lumina Kasturi Assurance Berhad is a fictional general insurance company created for the purpose of this synthetic document set. For general enquiries the Company's Customer Care Centre may be reached at the fictional number 1-300-00-5878, Monday to Friday from 8.30 a.m. to 5.30 p.m. excluding public holidays, or by writing to Customer Care, Lumina Kasturi Assurance Berhad, Level 27, Menara Kasturi, Jalan Contoh 1, 50000 Kuala Lumpur. Claims are not handled through the Customer Care Centre; the separate claims channels, including the 24-hour hospital admission line, are described in the Claims Procedure Guide (Document Ref. LKA/HHP/CPG/2026-01).

3. What are the covers and benefits provided?

Under Section A, the Company will, at its option, pay for, repair, reinstate or replace property insured under the Buildings or Contents heading that is lost or damaged by an Insured Peril during the Period of Insurance. The Insured Perils are listed in Clause A2 of the Policy Wording and include fire, lightning, explosion, Storm, Escape of Water, theft involving forcible and violent entry, impact and riot. You should note in particular that Escape of Water and Flood are different perils under this Plan: they are defined differently, they are subject to different Excesses and limits, and one of them is not covered at all unless the Special Perils Extension applies. A leak from a burst pipe and rainwater rising through the floor may produce damage that looks identical, but they will be assessed under different provisions.

Under Section B, the Company will reimburse Reasonable and Customary Charges for Medically Necessary treatment received during Hospitalisation, including Day Surgery, together with defined categories of pre-hospitalisation and post-hospitalisation treatment and a limited range of Outpatient Treatment. The Plan is primarily a hospitalisation plan. Most Outpatient Treatment is not covered, and the Outpatient Treatment that is covered is subject to its own limits, which are separate from and considerably lower than the inpatient limits. The specific categories, day-counts and monetary limits for each tier are set out only in the Benefits Schedule.

4. How much premium do I have to pay?

The premium you pay depends on the Sum Insured you select for Buildings and Contents, the construction class and location of the Insured Premises, the tier and endorsements chosen, and, for Section B, the attained age of each Insured Person on the Effective Date or renewal date. Section B premiums are not guaranteed and may be revised on renewal on a class-wide basis, subject to at least 30 days' written notice before the renewal date. The Company will not revise the Section B premium of an individual Insured Person solely because that person has made claims.

The following indicative annual premiums are provided for illustration only and exclude Service Tax at the prevailing rate and stamp duty. Your actual premium is stated in your Policy Schedule.

Illustration	Silver	Gold	Platinum
Section A, brick-built terrace house in Selangor, Buildings RM400,000 and Contents RM60,000, without Special Perils Extension	RM412	RM538	Not applicable (extension always included)
Section A, same risk, with Special Perils Extension	Not available	RM701	RM864
Section B, one Insured Person aged 35, non-smoker	RM1,086	RM1,742	RM2,915
Section B, one Insured Person aged 55, non-smoker	RM2,640	RM4,188	RM6,970

Premiums may be paid annually or in twelve monthly instalments by direct debit or card. Where you pay annually, the full premium must be received by the Company before cover commences. Where you pay monthly, the first instalment must be received before cover commences and each subsequent instalment is due on the same day of each month. The rules that apply when a monthly instalment is paid late, including the grace period and the circumstances in which the Policy lapses, are in Part 7 of the Policy Wording. No grace period applies to annual premiums. A lapsed Policy is not the same as a cancelled Policy, and the consequences of each, including whether the Policy can be reinstated, are different. If you are experiencing financial difficulty you may be eligible for the Premium Deferment Facility described in the Policy Wording, which is a separate arrangement from the grace period and must be applied for.

5. What are the fees and charges I have to pay?

In addition to the premium, you will pay stamp duty of RM10 per policy and Service Tax at the rate prescribed by law on the Section A premium. The Company pays commission to its appointed agents of up to 15% of the Section A premium and up to 10% of the Section B premium; this commission is paid out of the premium and is not an additional charge to you. An administrative fee is deducted from certain refunds when the Policy or a Section of it is cancelled, as described in the Policy Wording. No fee is charged for an application under the Premium Deferment Facility, but deferred premium remains payable in full.

6. What are some of the key terms and conditions?

Duty of disclosure. This Policy is a consumer insurance contract within the meaning of Schedule 9 to the Financial Services Act 2013. Before you enter into the contract, and before you renew or vary it, you must take reasonable care to answer every question in the proposal form fully and accurately and must not make a misrepresentation. If you do not take reasonable care, the Company may exercise the remedies available to it under that Schedule, which may include refusing a claim, reducing the amount paid, or varying or avoiding the contract. Your answers about the health history of each Insured Person are particularly important, because they determine whether a condition is treated as a Pre-existing Condition that has been declared and accepted, or one that has not.

Sum Insured and underinsurance. You are responsible for choosing a Buildings Sum Insured that reflects the full cost of rebuilding the Insured Premises, not its market value, and a Contents Sum Insured that reflects the cost of replacing all your Contents as new. If the Sum Insured is too low at the time of a loss, the amount the Company pays may be reduced in proportion under the average condition in the Policy Wording, even for a partial loss.

Waiting Periods. Cover under Section B for Illness does not begin on the Effective Date. Cover for Accidents begins immediately, but different Waiting Periods apply to Illness generally and to the Specified Illnesses, and those Waiting Periods run again from the date of any reinstatement. The Special Perils Extension under Section A is also subject to its own waiting period when it is first added.

Free-look period. You may return the Policy within 15 days after you receive it if you decide it does not suit your needs. Provided that no claim has been made, the Company will refund the premium paid in full, less any cost it has incurred for a medical examination of an Insured Person. This right is different from the right to cancel the Policy at any other time, which is subject to the refund rules in the Policy Wording.

Renewal. Section A is renewable annually at the Company's discretion. Section B is renewable annually at your option up to the renewal immediately following each Insured Person's 80th birthday, provided premiums have been paid and there has been no fraud or misrepresentation, and the Company will not refuse to renew Section B for an Insured Person on the ground of that person's claims experience or state of health.

7. What are the major exclusions under this Policy?

This Policy does not cover every loss and every medical expense. The exclusions are set out in full in Part 5 of the Policy Wording, and they apply in addition to the limits and sub-limits in the Benefits Schedule. A benefit that appears in the Benefits Schedule for your tier may nonetheless be excluded in a particular case. You should read Part 5 carefully, and in particular the provisions dealing with Pre-existing Conditions, Waiting Periods, Gradual Deterioration, Unoccupied premises and Flood. This list is non-exhaustive.

8. Can I cancel my Policy?

Yes. You may cancel the whole Policy, or Section B alone where Section B is in force, by giving written notice to the Company. Cancelling Section A alone is not permitted while Section B remains in force. The amount of any refund depends on which Section is cancelled and on whether a claim has been paid in the current Period of Insurance. Cancellation brings cover to an end permanently. If what you need is temporary relief from paying premiums while keeping your cover in force, you should instead consider the Premium Deferment Facility, which has its own eligibility conditions.

9. What do I need to do if there are changes to my contact details or risk?

You must inform the Company in writing, as soon as reasonably practicable, of any change of address, any structural alteration to the Insured Premises, any change in the use of the Insured Premises (including letting it to a tenant or using it for business), and any period during which the Insured Premises will be Unoccupied beyond the period permitted for your tier. Failure to do so may prejudice cover. Changes in the health of an Insured Person arising after the Effective Date do not need to be declared during the Period of Insurance.

10. Where can I get further information?

Should you require additional information about this Plan, please refer to the consumer education materials on general insurance available in Malaysia, or contact the Company. If you are dissatisfied with the Company's service or with a claims decision, the internal review, complaints and external dispute resolution routes are described in the Claims Procedure Guide.

11. Other types of cover

The Company also offers home-only fire insurance for Buildings without Contents cover, and standalone personal accident insurance. Neither of these is described in this document set.

IMPORTANT NOTE: YOU MUST ENSURE THAT YOUR BUILDINGS ARE INSURED AT THE APPROPRIATE AMOUNT. YOU SHOULD SATISFY YOURSELF THAT THE PLAN WILL MEET YOUR NEEDS AND THAT YOU CAN AFFORD THE PREMIUMS. THE INFORMATION PROVIDED IN THIS DISCLOSURE SHEET IS VALID AS AT 1 JULY 2026.
