SYNTHETIC DOCUMENT — FOR TECHNICAL TESTING ONLY. Lumina Kasturi Assurance Berhad is a fictional insurer, and this document is one of four synthetic documents (Product Disclosure Sheet, Policy Wording, Benefits Schedule and Claims Procedure Guide) written to test retrieval and question-answering systems. It is not an offer of insurance, does not describe any real product, and must not be relied on for any real insurance decision. All names, addresses, telephone numbers, web addresses, premiums and benefit amounts are invented. References to Malaysian legislation and institutions are included for realism only and may not reflect the law accurately.

How to read this Benefits Schedule

This Benefits Schedule sets out the limits, sub-limits, Excesses, Co-insurance and day-counts that apply to each benefit under the Kasturi HomeCare & Health Plan for each of the three tiers, Silver, Gold and Platinum. It must be read with the Policy Wording (Document Ref. LKA/HHP/PW/2026-01), which describes what each benefit covers and the circumstances in which it is payable, and with your Policy Schedule, which states the tier you have selected for each Section, the Sums Insured, and whether the Special Perils Extension applies to you. Words beginning with a capital letter have the meanings given in Part 2 of the Policy Wording, except for Panel Hospital, Guarantee Letter, Complete Claim and Catastrophe Event, which are defined in the Claims Procedure Guide.

Every figure in this Schedule is a maximum. The fact that a benefit is shown as available for your tier does not mean that every loss or expense of that general description will be paid: the benefit remains subject to the Waiting Periods in Clause B5 and the Special Perils waiting period in Clause A4.2 of the Policy Wording, to the exclusions in Part 5 of the Policy Wording, and to any endorsement on your Policy Schedule. Where this Schedule shows a benefit as "Not covered" for a tier, no amount is payable under that tier for that benefit, even where the loss would otherwise fall within the description of an Insured Peril or benefit in the Policy Wording.

Section A limits apply per event unless described as "per Period", in which case they are the most the Company will pay for all events in the Period of Insurance combined. Section B limits apply per Insured Person. A Section B limit shown "per Disability" applies separately to each Disability, a limit shown "per Period" applies to all Disabilities in the Period of Insurance combined, and a limit shown "as charged" is subject to Reasonable and Customary Charges and to the Overall Annual Limit.

Part A — Section A: HomeCare

A-1. Property limits

The Buildings Sum Insured and the Contents Sum Insured are those stated in your Policy Schedule. The following sub-limits operate within the Contents Sum Insured and do not increase it. The single article limit for Valuables applies to each individual item, and to a pair or set of items (such as a pair of earrings or a watch with its strap) as one item. The aggregate Valuables limit is the most the Company will pay for all Valuables lost or damaged in one event, regardless of the number of items.

Benefit	Silver	Gold	Platinum
Valuables — any one article	RM2,000	RM5,000	RM10,000
Valuables — aggregate, per event	20% of Contents Sum Insured	30% of Contents Sum Insured	33⅓% of Contents Sum Insured
Money, per event	RM500	RM1,000	RM2,000

Benefit	Silver	Gold	Platinum
Contents in a detached garage or outbuilding, per event	10% of Contents Sum Insured	10% of Contents Sum Insured	15% of Contents Sum Insured
Accidental Damage to Contents (Clause A2.7), per Period	Not covered	Not covered	RM5,000, maximum RM2,500 any one article
Power surge damage to appliances and installations (Clause A2.8), per Period	Not covered	RM2,000	RM5,000

A-2. Water, Storm and Special Perils

Escape of Water and Flood are separate Insured Perils with separate limits, and a payment under one does not reduce the limit available under the other. Where a single weather event produces both, for example where a monsoon drain overflows into a ground-floor unit at the same time as the building's roof tank overflows into an upper unit, the damage attributable to each will be identified by the Loss Adjuster and each part will be settled under its own limit and subject to its own Excess, in accordance with Clause A8.1 of the Policy Wording. Where a Policyholder without the Special Perils Extension suffers damage that is partly caused by Escape of Water and partly by Flood, only the part attributable to Escape of Water is payable.

The Escape of Water limit is a per-event limit and is restored after each claim under Clause A7.1 of the Policy Wording. The Special Perils limits are annual aggregate limits which are not restored after a claim. The Tracing and Access limit applies per Period.

Benefit	Silver	Gold	Platinum
Escape of Water (Clause A2.3), per event	RM25,000	RM75,000	Up to the Buildings and Contents Sums Insured
Tracing and Access (Clause A3.2), per Period	RM2,500	RM5,000	RM10,000
Loss of Metered Water (Clause A3.5), per Period	RM300	RM500	RM1,000
Storm (Clause A2.2), per event	Up to the Sums Insured	Up to the Sums Insured	Up to the Sums Insured
Special Perils Extension — availability	Not available	Optional, only if endorsed on Policy Schedule for additional premium	Included automatically
Flood — Buildings, per Period aggregate	Not covered	50% of Buildings Sum Insured	100% of Buildings Sum Insured
Flood — Contents, per Period aggregate	Not covered	50% of Contents Sum Insured, subject to RM20,000 for Contents in any room at or below ground-floor level	100% of Contents Sum Insured
Landslip and subsidence, per Period aggregate	Not covered	25% of Buildings Sum Insured	50% of Buildings Sum Insured
Earthquake and volcanic eruption, per Period aggregate	Not covered	50% of Buildings and Contents Sums Insured	100% of Buildings and Contents Sums Insured

A-3. Excesses

The Excess applicable depends on the Insured Peril that caused the loss. The Standard Excess applies to every Insured Peril for which no other Excess is shown. Excesses are not applied to claims under Loss of Metered Water, Replacement of Locks or Alternative Accommodation.

Insured Peril	Silver	Gold	Platinum
Standard Excess (fire, lightning, explosion, impact, riot and malicious damage)	RM500	RM250	RM250
Escape of Water	RM1,000	RM750	RM500
Storm	RM500	RM500	RM250
Theft	RM250	RM250	RM250
Accidental Damage to Contents	Not applicable	Not applicable	RM150
Power surge	Not applicable	RM200	RM200
Flood, landslip and earthquake	Not applicable	10% of adjusted loss, minimum RM2,500	5% of adjusted loss, minimum RM1,500
Tracing and Access where no other claim is made for the same Escape of Water	RM250	RM250	Nil

Increased Excess for premises not occupied overnight. Where, at the time of a loss caused by theft or Escape of Water, no person had slept at the Insured Premises for more than 7 consecutive nights, the Theft Excess or the Escape of Water Excess, as the case may be, is doubled. This increased Excess applies whenever the 7-night threshold is exceeded, including where the Insured Premises are not yet Unoccupied within the meaning of the Policy Wording; once the Insured Premises become Unoccupied, theft and Escape of Water are excluded altogether unless one of the exceptions in Exclusion 5.2.4 applies, in which case the doubled Excess continues to apply.

A-4. Permitted period of non-occupation

The following figures are the number of consecutive days for which the Insured Premises may be left without anyone sleeping there before they become Unoccupied for the purposes of the Policy Wording. The count begins on the first night on which no person sleeps at the Insured Premises and is reset by any night on which a person does so with the Policyholder's authority.

Item	Silver	Gold	Platinum
Consecutive days before premises become Unoccupied	30 days	60 days	90 days

A-5. Additional benefits

Benefit	Silver	Gold	Platinum
Alternative Accommodation (Clause A3.3)	10% of Buildings Sum Insured, maximum 6 months	15% of Buildings Sum Insured, maximum 9 months	20% of Buildings Sum Insured, maximum 12 months
Removal of Debris and Professional Fees (Clause A3.4)	10% of the amount of the claim, within the Buildings Sum Insured	10% of the amount of the claim, within the Buildings Sum Insured	15% of the amount of the claim, within the Buildings Sum Insured
Replacement of Locks (Clause A3.6), per Period	RM500	RM1,000	RM1,500
Loss of Rent (Clause A3.7)	Not covered	10% of Buildings Sum Insured, maximum 6 months	15% of Buildings Sum Insured, maximum 12 months

For a Policyholder who insures Contents only, the Alternative Accommodation limit is calculated as 25% of the Contents Sum Insured in place of the percentage of Buildings Sum Insured shown above, with the same maximum number of months.

B-2. Inpatient benefits

The benefits in this table are the inpatient benefits described in Clauses B2 and B3 of the Policy Wording. Pre-hospitalisation and Post-hospitalisation benefits, although received as Outpatient Treatment, are inpatient benefits for the purposes of this Schedule and are payable only in connection with a Hospitalisation (including Day Surgery) for the same Disability. The day-counts for Pre-hospitalisation are counted backwards from the date of admission, and those for Post-hospitalisation forwards from the date of discharge.

Benefit	Silver	Gold	Platinum

Government Hospital Daily Cash Allowance (Clause B7), per day	RM100, maximum 30 days per Period	RM150, maximum 30 days per Period	RM200, maximum 45 days per Period

B-3. Outpatient benefits

The benefits in this table are the only Outpatient Treatment benefits available under Section B, as described in Clause B4 of the Policy Wording. Each outpatient limit is separate: an amount paid under one outpatient

benefit does not reduce another outpatient benefit, and no outpatient benefit reduces any inpatient benefit in Table B-2. All of them, however, reduce the Overall Annual Limit.

Benefit	Silver	Gold	Platinum
Emergency Accident Outpatient Treatment, including follow-up within 30 days, per Period	RM1,000	RM2,000	RM3,000
Outpatient Cancer Treatment, per Period	RM20,000	RM60,000	As charged

Specialist Outpatient Consultation (Clause B4.6), per Period	Not covered	Not covered	RM1,500, maximum RM200 per visit

B-4. Co-insurance

Co-insurance is the percentage of the eligible amount that the Insured Person pays. The annual cap is the most the Insured Person will pay in Co-insurance in one Period of Insurance across all Disabilities; once the cap is reached, Co-insurance ceases to apply for the rest of that Period of Insurance.

Item	Silver	Gold	Platinum
Co-insurance percentage	20%	10%	Nil
Annual cap on Co-insurance, per Insured Person	RM3,000	RM2,000	Not applicable

Co-insurance applies to all inpatient benefits in Table B-2, including Pre-hospitalisation and Post-hospitalisation, and to Outpatient Cancer Treatment and Outpatient Kidney Dialysis. It does not apply to Emergency Accident Outpatient Treatment, General Outpatient Consultation, Specialist Outpatient Consultation, ambulance fees, the parent or guardian allowance, or the Government Hospital Daily Cash Allowance.

Adjustment for treatment otherwise than at a Panel Hospital. Where an Insured Person is admitted to a Hospital that is not a Panel Hospital, other than for an Emergency, the Co-insurance percentage for that admission is increased by 10 percentage points and the annual cap does not apply to that admission; for a Platinum Insured Person this means that Co-insurance of 10% applies to such an admission. Where the admission to a non-Panel Hospital was for an Emergency, the ordinary Co-insurance percentage and cap apply, and the adjustment is not made, provided that the Company has been notified within the time stated in the Claims Procedure Guide. Admission to a government hospital is not treated as admission to a non-Panel Hospital for this purpose.
